PROFESSIONAL SUMMARY

Self-taught full-stack developer with 3.5+ years of project-based learning and hands-on development of web and mobile applications using MERN and PERN stacks. Brings analytical and delivery skills from 4+ years at Tata Consultancy Services; seeking a junior developer or internship role.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, SCSS/SASS, SQL, Python
Frontend: React, React Native, Next.js, Redux Toolkit, Tailwind CSS, Bootstrap, jQuery, Vite
Backend & Data: Node.js, Express.js, REST APIs, GraphQL, MongoDB, PostgreSQL, MySQL
Tools: Git, GitHub, NPM, Expo, Deno

PROJECTS

Food Order App | 2026 | GitHub

Technologies: React 19, Vite 8, Redux Toolkit, React Context, CSS

- Built an ordering experience with searchable and filterable dishes, cart management, and an order summary.
- Created reusable menu and dish components; used Redux Toolkit for cart state, React Context for shared state, and custom CSS for the interface.

Electronics Store | 2026 | GitHub

Technologies: React 19, Vite, React Router, React Hook Form, Context API

- Implemented a storefront with product catalog and detail pages, cart management, checkout, and client-side authentication.
- Used React Router for page navigation, Context API for shared cart/session data, and React Hook Form for form handling and validation.

AI Bot | 2026 | GitHub

Technologies: React 19, Vite 8, Google Gemini API, React Context, CSS

- Built an AI companion for multi-turn chat, image understanding, and AI image generation, integrated with Google Gemini API.
- Developed a responsive React interface and used Context to manage shared conversation and interaction state.

Gaming Hub | 2026 | GitHub

Technologies: HTML, CSS, JavaScript

- Created a browser gaming hub with a multi-game library, CRUD-managed game cards, and real-time community chat.
- Used JavaScript for interactive content and card operations, with a dark neon visual treatment built in CSS.

Cocktail Website | 2025 | GitHub

Technologies: React, GSAP, ScrollTrigger, SplitText, Tailwind CSS, Vite

- Built an animated cocktail landing page with text reveals, parallax, pinned sections, scroll-synced video, and a custom carousel.
- Used GSAP and ScrollTrigger to coordinate scroll-based motion and Tailwind CSS to style the React experience.

PROFESSIONAL EXPERIENCE

Tata Consultancy Services (TCS) | Kolkata, India | Nov 2018 – Feb 2023
Held PMO Analyst, Customer Support SME/Analyst, and Human Resources Analyst roles. Coordinated project delivery and reporting, built performance dashboards, supported process improvements, and handled payroll and employee data operations.

EDUCATION & LANGUAGES

B.Sc. Biology | University of Calcutta, Kolkata | 2015 – 2017
English (Fluent) | Bengali (Native) | Hindi (Professional Working Proficiency)
